

CODICE OF ETHICS

The values of OMB Saleri

“Siamo orientati all’innovazione del prodotto, dei processi produttivi e di organizzazione di fabbrica. Ci ispiriamo alle esperienze umanistiche italiane (Camillo e Adriano Olivetti) e alle tecniche produttive sperimentate in Toyota e nelle fabbriche tedesche (lean production)”.

“La nostra ambizione è di far convivere l’efficienza dei processi di fabbrica con la valorizzazione delle persone, indicando come scopo ultimo del lavoro il benessere dell’uomo”.

“Oltre a generare profitti, un’azienda deve generare “benessere” per le persone e per il territorio, un’attenzione che noi imprenditori possiamo e dobbiamo avere”.

2000 - Paride Saleri
